Environment

Employees want more from their office than impersonal desks. They want spaces that nurture their creativity, spaces that favor collaboration, spaces for focused work, spaces for rejuvenation and more. Spaces that feel intuitive as tasks change.

Intuit crafts modern office breakout spaces tailored to flexible work styles. From focused caves to collaborative sofas, from secret meetings with oneself to productive coffee table chats. Having these varied spaces available encourages employees to work in a way that suits them, and we help you design the perfect flow.

Intuitive furnishing for getting things done

Our way of working has changed. It's the creative problem solving, agile collaboration, and the feeling of community we search for in the office. Intuit's designs have evolved to meet this shift.

We've taken the spirit of the breakout space and divided it into 4 distinctive work zones – each designed to meet a particular need to encourage creativity and connection.

Our 4 Zones use modular and multi-functional furniture solutions to make the most of every area of the office.

Providing alternate spaces to choose where to work within the office drives a more effective workspace, a better work experience, and better individual performance. A win-win!

The world is moving fast – with Intuit, you make sure office space can keep up.

Acoustic August

Sound-absorbing sofa and armchair

Design: Pent Talvet, Iseasi

The timeless and playful August series ranks among Intuit's TOP 3 most popular products. The entire August series is designed to improve office acoustics which makes it a perfect choice for an intuitive workplace. The August series products are rated at the highest Class A for acoustic absorption. The special synthetic felt and foam materials found within help August absorb sound. More precisely, those frequencies at which speech, telephone ringing, and other distractions specific to an office space are transmitted. The result is not only a quieter but also a more productive work environment.

Workplace café

A trend which has seen notable growth as a prominent hybrid working solution is the work café. Reframing the idea of a workplace cafeteria into a gathering space for relaxed collaboration ultimately transforms the use of the area, and either offers an additional workstation for those seeking a change of space, or

presents more independent workers the opportunity to feel more involved.

A key factor to consider when successfully integrating work café spaces, is that they should exist to be a destination space within the office, rather than as an area for a short stay.

Whereas in the past the kitchen was just a kitchen, and the coffee corner was just a coffee corner, today an eatery in an office can function not only as a café but also as an efficient workspace. This is just one excellent way in which to enrich the working environment.

The Meeter sofa collection, renowned for its exceptional adaptability in both height and length, seamlessly integrates into the café milieu. These compact sofas are engineered for endurance, effortlessly withstanding heavy usage and frequent cleaning. Elevating the Meeter line, the latest addition is a chair that boasts sleek, contemporary lines, perfectly complementing its sofa counterparts.

The Aide table series is a masterclass in multifunctional design, offering an impressive array of seven distinct variations. Whether tall or low, slender or sturdy, spacious or compact, each Aide table is crafted to blend functionality with style. Versatile in its utility, the Aide can transform from a chic coffee table in lounge areas to a functional dining table in cafés and canteens, or even serve as a standing desk in various settings.

Complementing the Meeter range are custom-made **flower boxes**, thoughtfully designed to act as natural green screens. These botanical dividers offer an organic touch of privacy and tranquility, beautifully interspersing the rows of Meeter sofas and enhancing the overall aesthetic of the space.

Sit back and relax

Sofas create a good division of space, but also bring the cosy feeling of home to the office. The sofa is also a good place to relax, as it's also important to take a breather during the busy working day.

Hubert & Hubert Mini

High and low chair for meeting tables

Design: Iseasi

A chair that lets you brainstorm in style. The sleek frame and raised seat of the Hubert help to support ergonomic posture effortlessly, while the 360° swivel base lets you rotate and rock while ideating – great for productive and dynamic team meetings.

Simple to maneuver, these chairs help you create a welcoming and agile collaboration space at a moment's notice.

The mini version has all the benefits of ergonomic design, maneuverability, and style, whilst being just the right size for regular meeting tables.

Phonebooth

Design: Iseasi

If you've spent time in cramped and claustrophobic phone booths before, you'll marvel at how Booth opens up the space. Its special trapezoid design enhances your cognitive comfort, while eliminating annoying echoes. And its rocking and rotating seat gives you room to move, without banging your elbows on the walls every 5 seconds.

The ingenious phone booth. You can be part of the open-plan space, while still having access to the focus and privacy you need a various points of your day.

It's becoming increasingly clear: a call booth isn't just a luxury; it's an essential ingredient in the recipe for a forward-thinking office that values the well-being and efficiency of its team.

Flow

Shared office desk

Design: Martin Pärn / Janno Nõu, Iseasi

Sometimes, only a few people come into the office and the room feels empty. Other times, when everyone is there – management, busy bees, guests – it could get a little crowded. With Flow, a shared office desk, neither loneliness nor a lack of space is never an issue.

Flow is the social centre of the room, providing an equally welcoming haven for colleagues without a fixed desk as well as for groups holding meetings. The hidden sockets in the table's shelf supports enable one to be productive. It is also an ideal place for team lunches and casual chats. Flow stands without screws on stylish trestles, allowing you to effortlessly give the room a different look with a two-tone tabletop.

Grow

A peaceful green hideaway

Design: Lauri Visnapuu

Looking for ways to tap into biophilic benefits in the office? That's the inspiration behind Grow.

Transform the office into a lush forest and show your commitment to employee well-being. Grow's flowerpots of three different heights act as smart space dividers, offering a secluded retreat from the endlessness of the open office floor plan. Equipped with 360-degree rotating wheels, these planters allow you to refresh the office landscape with a new floral arrangement at your whim.

For added versatility, Grow absorbs office noise and fosters a tranquil environment for the team. Grow's exterior walls are covered with a layer of acoustic fabric, a middle layer of perforated MDF-plate that channels noise into a deep layer of special acoustic foam.

Alternatively, choose a multifunctional design featuring a spacious shelf on one side, blending utility with natural beauty.

Mobile office armchair

Design: Pent Talvet, Iseasi

Some tasks demand a different level of immersion. Some require that you get up from your desk, grab your laptop and slip into a more comfortable corner to allow your thoughts room to roam. The Hide has been specifically designed to be a soft nest to which office nomads can retreat.

Thanks to its modular design, the seat, screen and support surface can be positioned on the frame in multiple directions. Its mobility means that the Hide can be easily repositioned in whichever way you need it, whether it be facing an inspiring view from a window or turning away from the noisy office crowd.

Hover

Leaning wall

Design: Karl Kukuk

Sometimes, there's not enough space for a comfortable sofa, but you still want to make waiting comfortable. The day is saved by the soft leaning wall Hover, which you can lean on to pass the time alone or chatting with a companion.

Hover is brilliantly space-saving and fits perfectly in places where you might need to stand, such as at the airport, in a corridor, or behind a meeting room door. Placed in the office kitchen or in an in-between space, it provides a convenient spot for exchanging ideas with a colleague on the go. Hover is available as a module in four different sizes. By adding a coffee table and a power socket, you can even get work done while leaning. Quickly installable and featuring easily replaceable fabric, Hover also offers noise-dampening properties thanks to its foam and perforated inner panel. Hover is designed for disassembly fully embracing the principles of circular design.

Spot

Multifunctional seating furniture

Design: Pent Talvet, Iseas

Welcome Zone

Social Zone

Spot is a centre of attraction, one that dominates both the Welcome and Social zones. The four modules can be used to create varied solutions for one or more seated individuals. Whether Spot offers privacy to the person who is waiting or facilitates communication is purely a question of placement.

The shelves surrounding the seat form ideal supports on which to place a computer or simply to lean against. The shelves feature recessed sockets, enabling Spot to serve as a workspace, if desired. In addition to books and houseplants, the shelves confidently support various furnishing elements that enliven the office space. Spot also makes it easy to divide rooms into zones.

Wander

Cosy niche sofa

Design: Lauri Visnapuu

When you combine the comfort of a home sofa with the convenience of an office sofa, you get Wander – a cosy niche sofa with high walls that provides visual separation, supports productivity, and can be easily moved around.

With modules available in three different widths, Wander offers a number of interior design options. By placing the modules opposite each other, the result is a cosy nest suitable for a private chat. When complemented with an auxiliary desk, it serves as a functional work island. By ordering the wheeled version, Wander moves with you around the office. Modules arranged in a row are also suitable, for a café, for example.

Wander's soft back cushions are loose and adjustable. In keeping with circular economy design, Wander's coverings are durable and easy to replace, even on your own.
